About CPaT Global
Reimagining Aviation Training

OVERVIEW

CPaT is the market leader in distance learning for the aviation industry. Bringing more than 30 years of experience to the industry, CPaT delivers software-as-a-service applications to more than **350** global aviation customers, serving **100,000+** individual users, and providing **nearly 2M hours** of training each year.

PORTFOLIO

CPaT's portfolio has everything you need for your aviation training program. From our **Access Learning Portal** content delivery system, to our robust Instruct course library to our **Invent content-design** platform that allows you to modify CPaT's courses in real-time and create your own content. No matter what solutions you choose, CPaT will support your organization and students 24/7 with our best-in-class customer services.
