

# About CPaT Global

## Aviation Training, Reimagined

### OVERVIEW

CPaT is the market leader in distance learning for the aviation industry. Bringing more than 30 years of experience to the industry, CPaT delivers software-as-a-service applications to more than **400** global aviation customers, serving **100,000+** individual users, and providing **nearly 2M hours** of training each year.

### PORTFOLIO

CPaT's portfolio has everything you need for your aviation training program. From our **Access Learning Portal** content delivery system, to our robust Instruct course library to our **Invent content-design** platform that allows you to modify CPaT's courses in real-time and create your own content. No matter what solutions you choose, CPaT will support your organization and students 24/7 with our best-in-class customer services.
